

# Should you find your own teacher OR invest in Viva Spanish?®

It is not easy to secure a GOOD K-8 part time Spanish teacher that can deliver more than an “exploratory or experience” program

## Hire your own

- ⊗ Time consuming to find the few qualified candidates to choose from
- ⊗ \$\$ cuts into school budget - cost of hiring a new teacher – salary, taxes, benefits
- ⊗ Once you find the person, he/she needs to put together their own program and seek out resources and collect materials
- ⊗ Isolated teacher has no one to collaborate with
- ⊗ There is no subject matter support or feedback
- ⊗ Oversight -time and energy to ensure teacher success through observations, meetings, etc
- ⊗ Frustration when the students make NO PROGRESS when the part time teacher leaves and the cycle starts all over again
- ⊗ Parental support for the program diminishes because of a lack of progress and student dissatisfaction
