

Viva Spanish!® and Digital Academy

A Digital Spanish program for
grades K-8

2

First of all- Who is Viva Spanish®?®

- We are a Spanish Teaching Company that has brought ON-SITE results-based Spanish to K-8 non-public schools
- We have been in business since 1996 and have served over 70 schools in Ohio!

What we believe...

- Most schools recognize the benefits of Spanish in the elementary school
 - It is not easy for Schools to find QUALITY teachers to teach K-8 Spanish part time
 - It is rare that a K-8 Spanish program can be more than just “experience or exploratory”
- ...but with Viva Spanish!® it is possible!

What and how
we teach
Spanish makes
Viva Spanish!®
unique

WE HAVE DEVELOPED A SYSTEM THAT IS
AFFORDABLE, UNIQUE AND GETS REMARKABLE
RESULTS

The Viva Spanish! standards-based curriculum helps prepare students for High School

The Viva Digital program is designed to be taught once per week & students will learn what they need to prepare to “test out” of Spanish I in High School

Grades K-3
build vocabulary

Grades 4-5
reinforce vocabulary and softly introduce grammar

Grades 6-7
Recycle vocabulary and provide formal explanations of High School Spanish 1 grammar

Viva Digital K-8 Spanish Program

- We have taken our proven Viva Spanish!® Curriculum and adapted it to create a fully digital learning program for students in grades K-8 with the help of Digital Academy!

What is Digital Academy?

- An all-in-one digital education platform that perfectly aligns with our goals of developing an effective, completely Digital K-8 Spanish program that ensures:
 - ✓ Consistency
 - ✓ Quality
 - ✓ Results

How it works:

Age-appropriate lessons are designed as digital lesson modules that students complete in stages (or chunks) with physical workbooks used as guided notes

Digital student assignments are completed submitted and graded directly through the Digital Academy

Student progress is monitored and recorded

More about the Digital Academy (DA) all in one Solution

- DA is an all-in-one solution that can ultimately replace Google classroom, online gradebooks, messaging systems, etc. - all the capabilities of your current digital world in one place!
- DA allows for the creation of lesson modules that monitor student and teacher progress
- DA serves as the gradebook, parent and student portal, discussion board, and more
- *For the Viva Digital K-8 Spanish Program - Schools can adopt the Digital Academy (DA) platform to use school wide OR use the DA platform through Viva Spanish!®*
